

Efficient and Cost Effective Management of Your Vessels with DNV Exchange

DNV Exchange Update 15. October

DNV has updated DNV Exchange, again, to provide you with the industry's leading tool to efficiently manage your fleet. Now, it is easier than ever to maintain vessel status and reduce the unnecessary costs of overdue items.

Here are the main highlights and benefits of DNV Exchange, October release, now available to you:

Email Alerts for "Soon Due" or "Overdue" items

Subscribe to email alerts today so you can better plan and manage classification and statutory certificates and surveys for your vessels.

You select the time parameters for email alerts, based upon your vessel sailing routes and maintenance plans.

Avoid the surprises, time and expenses of overdue certificates or survey items and spend this time on effectively managing and operating your fleet.

My alerts

Alert me on my homepage before a certificate, survey or condition becomes over

Send me an e-mail notification

Alerts are usually sent on Sundays

My subscriptions

Class Status

Class Status Report

DNV Exchange Offline

Class status data

Class status data and Class Status Reports

In less than a minute, you can activate email alerts to be sent to yourself, directly to your vessel, or both.

In fact, you can set up a Class Status subscription in only 3 clicks of your mouse.

Enhanced Local Administrator Tools

The updated local administrator tools simplify your personal set up – your way to fit in with your operations.

Use the Home Page to Set Your Time Limits

The home page shows vessels due within the time period you select:

My fleet

Due within 12 weeks. [\[Change\]](#)

- VESSEL 1
- VESSEL 2

[Full overview of My fleet](#)

Simple and Direct Online Survey Requests

See the survey status quickly and easily, including the due dates and time windows.

Submit an on-line survey request at the same time and manage this actively one time – efficiently.

Request new survey
